

MIDLAND GARAGE DOOR MFG. CO.

2" THERMO STEEL

Midland's 2" Thermo-Steel residential garage door provides an outstanding value with a variety of design styles, colors, and window design options, as well as the durability and security provided by our rugged steel construction. Midland provides a durable torsion spring system as our standard spring option, which ensures a safe and smooth operation of your garage door. All of our 2" Thermo-Steel residential garage doors are a full 2" thick, providing superior strength and outstanding security for your home. The bottom weather seal (astragal) is an extra wide seal, which is designed to stay flexible and provide the best possible all around protection against the elements. All of our track, rollers and hardware, are heavy-duty and designed to last for years to come.

When you choose a Midland garage door you can be confident that you have chosen the **best garage door that money can buy!**

Optional color and window design options are available. **Please visit your Midland Garage Door authorized dealer for details.** The above 2" Thermo Steel Raised Steel Panel design is shown with our White color design and our Waterton window design option.

THE SECRET BEHIND GOOD LOOKS!

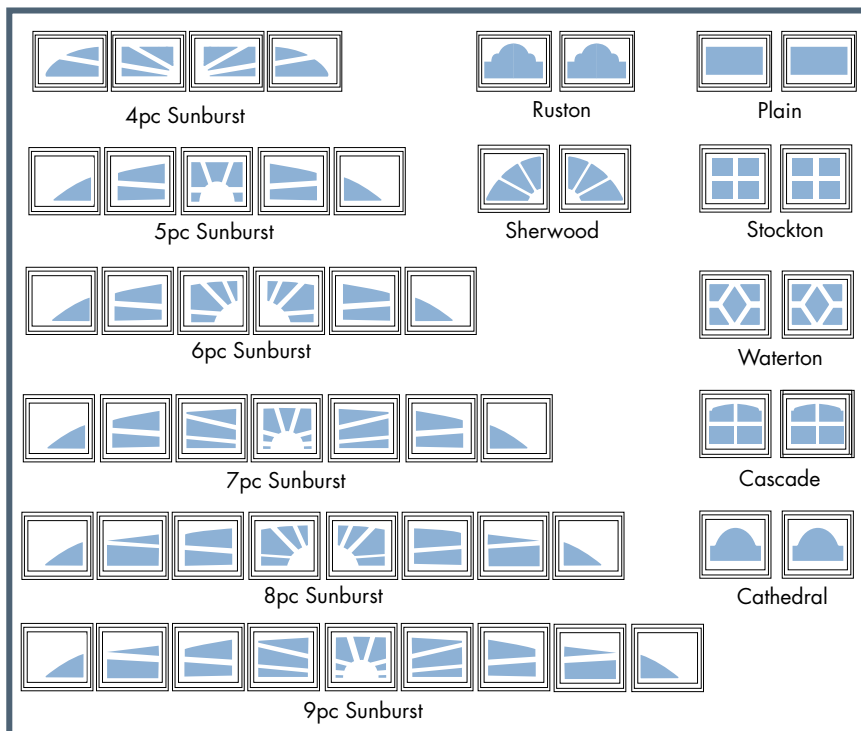

Next to your front entry door, your garage door creates the first impression of your home. All of our Midland garage doors are available in a wide range of color choices and window design options that coordinate well with all exterior finishes.

BE CONFIDENT. YOU'VE CHOSEN THE BEST!

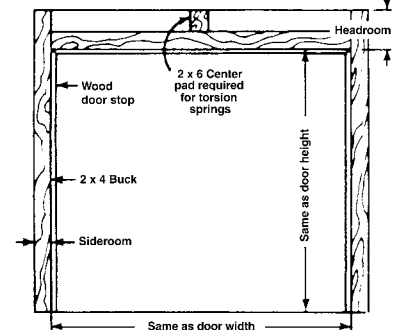

Please visit your Midland Garage Door authorized dealer for details.
