

Midland's Short Panel Carriage design brings a touch of elegance to any home. Its historical charm comes in several levels of strength — ThermoGuard™, ThermoSteel™ or Series 24.

Midland builds each garage door with a rugged steel construction that resists even the harshest weather. Expand on that durable foundation by choosing from numerous accessories. From design and construction to operation, Midland works with you to build the best quality door for years to come.

The Art & Science of Your Short Panel Carriage Door

The classic "rail and stile" design of the Short Panel Carriage door blends beautifully with nearly any home. Customize your door with an assortment of color, window and hardware options for a warm, inviting look you will cherish for a lifetime.
