

As each year passes, Midland's Raised Steel Panel garage door remains the most popular design for homeowners. It gives a simple, timeless look that can be easily personalized for your home by choosing a window option and customizing the color.

Midland builds its Raised Steel Panel garage doors to be tough, using heavy-duty galvanized hardware and track as well as a commercial-grade astragal weather seal to keep out the cold. Beyond form and function, Midland builds the best quality door to enhance your home for years to come.

# The Art & Science of Your Raised Steel Panel Door

The molded rectangular design of the Raised Steel Panel door makes it a fit on nearly any home design. Find the size that best suits you and then customize your door with color and window options.

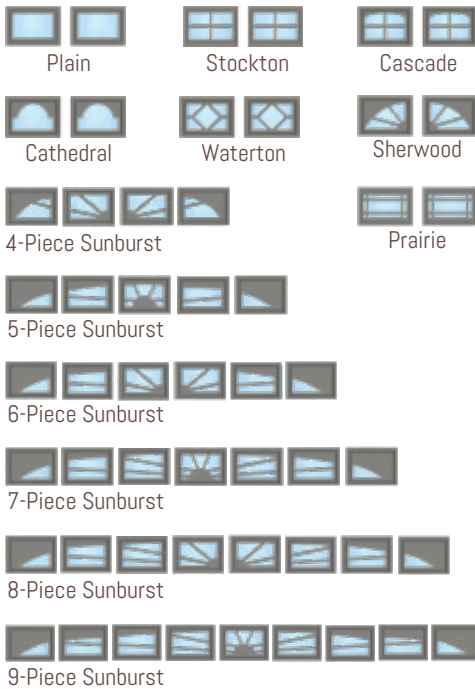

## CHOOSE YOUR COLOR

Consult your Midland dealer for custom color options.

\*Available in ThermoGuard™ and ThermoSteel™ only. \*\*Available in ThermoSteel™ only. \*\*\*Available in ThermoGuard™ only. Due to the printing process, the colors in this brochure may not be exact; contact your Midland dealer for accurate colors.

## PICK A WINDOW DESIGN

## PICK YOUR INSULATION

	ThermoGuard™	ThermoSteel™	TS-138	Series 24	ValuCraft Plus
